## Winter-Spring 2024

### Happy New Year!

We hope you had a happy and healthy holiday season.

The Delaware and Raritan State Park was established in 1974. We celebrate the 50th anniversary throughout the year of 2024.

We have some new and exciting activities planned. We hope to see you at our programs. They are open to all and require no admission fees. This year we are going to endeavor to increase our membership. The more members and volunteers we have, the more we can offer the public.

**And remember your annual membership fees help maintain the Canal House.**
